ARCADE 07 MANUAL

Controls (Joystick)

Input	Action
Push Up/Down	Navigate / Move
Push Left/Right	Move / Scroll menu
Click (Press)	Select / Fire / Jump

Menu Screen

- On startup, **"A07"** flashes briefly, then the menu loads.
- **Left/Right** on joystick scrolls through 4 games.
- The current game is shown as an icon in the center.
- **Click** to launch the selected game.

Icon	Game
S	Snake
✦ (cross)	Space Defender
K	Sword Fight
F	Flappy Bird

---

1. Snake — S

How to play: Move the snake using the joystick. Eat the dot-food scattered on the screen. Don't hit the walls.

- **Potmeter** controls speed (turn to increase difficulty).

- 5 food dots are always on screen.
- Eating a food grows the snake by 1.

Scoring:

Event	Points
Eat food	+5

---

2. Space Defender — ✦

How to play: Move your ship **Up/Down**. An enemy moves toward you from the right. Shoot it before it reaches the left edge.

- **Up/Down** — move ship
- **Click** — fire bullet (one bullet at a time)
- If the enemy reaches the left wall → Game Over.

Scoring:

Event	Points
Hit enemy	+1

---

3. Sword Fight — K

How to play: Move toward the enemy and attack. The enemy moves and attacks back. Beat all levels.

- **Left/Right** — move your fighter
- **Click** — attack (swing sword, 400ms cooldown)
- You have **3 HP**, enemy starts with **3 HP**
- HP bars shown on top row (your side = left, enemy = right)
- Each level enemy gets faster and tougher

Scoring:

Event	Points
Hit enemy	+10
Kill enemy (level up)	+50

---

4. Flappy Bird — F

How to play: Keep the bird from hitting pipes or the top/bottom edges.

- **Click or Up** — flap (bird jumps up)
- Gravity pulls the bird down constantly
- Each pipe has a gap — fly through it
- **Potmeter** controls speed.

Scoring:

Event	Points
Pass a pipe	+1

Game Over

- Red LED turns **ON**, matrix shows **"GO"** + your score.
- After 3 seconds → returns to menu automatically.
- High score is saved until power off.

LED Indicators

LED	Meaning
Green (A4) — Flash	Good event (food, kill, pipe cleared, hit landed)

LED	Meaning
🔴 Red (D12) — Flash	You got hit (Sword Fight only)
🔴 Red (D12) — Solid ON	Game Over screen active
